## Meaningful provider encounters

One encounter is defined as one meeting/session between students and one provider. We are committed to providing meaningful encounters to all students using the [Making it meaningful checklist](#). Meaningful online engagement is also an option, and we are open to providers that are able to provide live online engagement with our students.

Prior to an encounter we encourage providers to share information about both their provision and the courses they offer so that this can be shared with parents and carers prior to and after an event.
